

Tyn Dwr Hall Bar Tabs

You are more than welcome to set a bar tab for your big day. We just ask that you follow the guidelines below.

- The full amount you are willing to set for your bar tab must be agreed during your final details meeting with your wedding manager, and paid alongside your final balance due 2 month before the day.
- We will add 75% of the tab to our tills to begin with.
- If this is used up with sufficient time left in the day, the remaining 25% will be added.
- Once added to the till, the tab becomes non-refundable.
- If any balance remains toward the end of the night, we will encourage you to use this up or buy stock from behind the bar to enjoy 'after hours'
- If the extra 25% is not required on the day, it will be refunded to you the following week.
- We are unable to extend the tab any further on the day.
- You are welcome to set a limit on the tab e.g. not to include cocktails or shots or 'to start from 6pm'. Please discuss with your wedding manager.

We highly recommend any bar tab to be closed during the wedding breakfast to encourage your guests to drink the wine provided on the table as part of your drinks package.
